Cherriots Buses Return to Courthouse Square

Beginning Monday, February 7, 2011, Cherriots buses will operate on the perimeter of the Courthouse Square block. The new location will provide additional safety and convenience to riders.

At the Courthouse Square block location, buses will park along the curb on Chemeketa, Church, and Court streets. Passengers will have access to buses along city sidewalks.

Customer Service and public restrooms will be located on the Church Street sidewalk. These buildings will have electricity, plumbing and temperature control. Both buildings will be ADA accessible.

Bus schedules will not be affected by the move. Several stops in or near the downtown area will be served by different bus routes. Check with Customer Service to see if your bus stop is affected. Buses will not park in specifically marked spaces on the transit mall, but will be grouped for easy access (see map attached). There will be ample space between buses to load and unload bicycles.

The new location will include safety features such as lighting, shelter, security staff, and surveillance cameras. District ordinances will be enforced around the entire block.

The new Customer Service address is 285 Church Street NE, Salem, OR 97301. For more information, visit www.cherriots.org, or call 503-588-2877.
