Cherriots Transit Mall to Remain Closed

Due to ongoing construction activity on the Transit Mall, all buses will continue to operate from Court St. NE in front of the Capitol Building through July 16.

Beginning July 19, Cherriots buses will move to an alternate site for the remainder of the construction period. Cherriots staff are working closely with the City of Salem and the State of Oregon to finalize arrangements for an alternate site. The preferred location is on Cottage and State Streets, in close proximity to the transit mall. Once the plan is finalized, notice will be sent out and posted on the Cherriots website.

The transit mall is expected to be closed for approximately two months. Customer Service will be available at the temporary sites to help customers with pass purchases and bus information. The Customer Service lobby at the transit mall will remain closed until the buses move back on to the transit mall. Cherriots administrative offices will be open during normal business hours from 8:00 AM to 5:00 PM.

Thank you for your patience during this time. For further information and updates visit www.cherriots.org or call 503-588-BUSS (2877).
