### **Improved Service to Airport Rd. Park and Ride**

Effective September 7, 2010, the Airport Road Park and Ride will be served by Route 16 – State Street instead of Route 7 – Fairview Industrial Park.

The Airport Road Park and Ride is located next to the State Motor Pool on Airport Road. The facility is paved, lighted, has large covered waiting areas, and approximately 220 spaces for park and ride users. Check out [www.cherriots.org](http://www.cherriots.org) for a list of other park and ride facilities available in the Salem area as well as Marion and Polk counties.

Currently, Route 7 serves the Airport Road Park and Ride on the inbound and outbound trips until noon. After noon only the outbound buses serve this location. Additionally, Route 7 runs every half hour during peak times, only once an hour during non-peak times, and stops running after 7:00pm. Starting on September 7, Route 16 will serve the Airport Road Park and Ride on all trips in both directions, every half hour from 5:45am to 9:15pm.

Other minor changes that will take place on September 7 include:

Route 6: Several time points have been adjusted by a few minutes. Please check a schedule for the new times.

Route 8: The times for the inbound stop on Commercial @ Rural have been adjusted by a few minutes. Please check a schedule for the new times.

Routes 15 & 18: The bus will use Chemawa Rd. into Keizer Station instead of McLeod Ln. The stop on Lockhaven Dr. @ Chemawa Rd. will be removed.

For more information visit [www.cherriots.org](http://www.cherriots.org) or call 503-588-BUSS (2877). To see the new schedules open [www.cherriots.org/Downloads/septchanges.pdf](http://www.cherriots.org/Downloads/septchanges.pdf).
