CARTS Bus Detoured While Aumsville Recovers

Due to damage from a tornado that touched down just before noon, the City of Aumsville has closed the town to the public so emergency services can work.

The CARTS bus stop at the Aumsville Community Center will not be in service while downtown Aumsville is closed off. Riders can access the CARTS Route 30 – Canyon Connector at the Riverview Community Bank instead. The bank is located at the intersection of N 1st St. and Main St. The Route 30 schedule should not be affected by the detour. For schedule information visit the Cherriots website: www.cherriots.org/other_services_carts.htm or call 503-585-5187.

It is not known at this time how long Aumsville will remain closed. When roads are reopened, CARTS will resume regular service to the Community Center.
